

Features

The CB-SC200SYS is a single unit water treatment system designed to ensure the steamer operates in a scale free environment. The CB-SC200SYS utilizes the effectiveness of Citryne to eliminate the effects of hard water scale.

It can be installed as an add-on to existing filtration or as a stand a-lone system.

Benefits

- ▶ Reduces costly equipment maintenance
- ▶ Utilizes Citryne to eliminate the effects of hard water scale
- ▶ Full port shut off valve
- ▶ Pressure line gauge

Model: CB-SC200SYS
P/N 14280211

All Steamers

Requiring up to 3 GPM water flow rate.

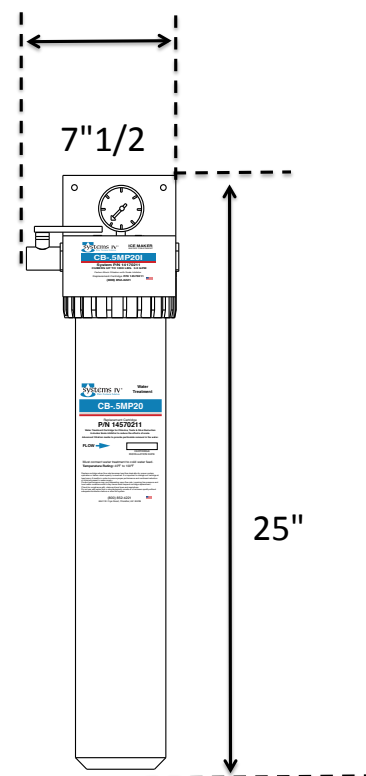

Model: CB-SC100SYS
P/N 14299111

Specifications

Dimensions	7.5" X 25" X 6.5"
Connection	1/2" FNPT
Max. PSI	125
Max Temp.	100° F
Flow Rate	3 gpm
Shipping Weight	12 lbs.

CITRYNE™ is a food grade, biodegradable formulation that eliminates scale buildup. With its FDA approved ingredients, CITRYNE™ can be used on equipment without having to stop water flow. The CITRYNE formulation not only removes existing scale buildup, but will eliminate future potential scale buildup.

Replacement Cartridge

Model: CB-SC200
P/N 14280211

Distributor/Dealer Info:

All carbon block cartridges should be changed out every six months or when there is a reduction in water pressure. Filter life depends greatly upon the quality of water. This product is for commercial use only and must be installed and maintained according to manufacturers guidelines www.systemsiv.com or the warranty can be voided.

WARNING:

This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.P65Warnings.ca.gov.
